While your clients are watching the game...

...promote your products, services, menu, suppliers, or contributors

panel tv

creative equipment communication

## applications » tv promo

Upgrade your screens.  
Show your own program.

### café - bar

Use your flat screens to promote your products, services, menu, suppliers, or contributors

Through the football game or their favorite show, your clients watch and at the same time update for all the things you would like to promote/propound, even when there is nothing worth seeing of the TV, choose your themes, photos, videos or commercials, even material from the internet, newsfeed etc.

With Panel TV, you decide about the program that is show on the screens  
Satisfy your clients and at the same time promote your goods or services

*\*The media server/player contain digital TV encoders/receiver and video input to connect external sources.*

### What you need?

One TV promo media server/player from Panel TV  
Connect it with your screens ( if they need special connections we can help)  
Be able to connect to a computer or the internet

### How much does it cost?

How much does it cost:

- » 1960 € for analog input and output (Full HD media), (Composite IN και VGA OUT)
- » 2765 € for digital input and output (Full HD media), (HDMI IN και DVI-I, DP, HDMI OUT)

*\*prices can change without notice*

### How this is possible?

- » With any computer you write your texts and load pictures, video and presentation to media server/player, at the same place or distant through internet.
- » The media server/player undertakes the messages and shows them, automated and according to your schedule.
- » Moreover, with remote control you can choose which channel or show will be displayed.
